

KAUAI AND MAUI MERGED INTO ONE DISTRICT

CONTEST CLOSES MAY 28th

An Extra Trip To Be Given Trip Contestants In District 1

Rule No. 2. Any district that may have only one candidate or where there is no contest, will be closed and said district will be merged with district closest to it in voting strength, and contestant from said district added to the one with which it is merged. Merging of districts to be at the discretion of the Contest Manager.

"There is no contest on Kauai," so declared the contest manager late yesterday evening. Apparently the readers on Kauai are giving their votes to contestants on other islands.

Acting in accordance with Rule 2 the Kauai district of District 4 has been merged with District 3 which will now include Kauai, Maui and Molokai.

This merging of districts does not come as a surprise to the contestants in District 4 as they were notified sometime ago and all were satisfied.

Every one knows that the trips were offered to ambitious women as a return for their effort and it would be unfair to give a trip to a district where the workers were few.

The combination of the two districts offers a trip to the trip contestants who can make the greatest showing in the new District 3.

Maui people showed a decided preference last week when the matter was discussed with them for a contest that tested their strength against another island. The voting strength of Maui and Kauai considering the number of the candidates is about equal.

Two Trips for District 1

Another Yosemite-California trip will now be added to District 1 and the two trip contestants who have the most votes at the final count will be given the two trips. This is done as a recognition of the activity of the ladies interested. Friends of District 1 contestants now have a strong stimulus to seek for votes and as a reward for the canvass they have been making during the past few weeks a second prize is offered to a district that is justly entitled to it.

The trip contestants in District 1 this year were so well known all over the islands and their vote getting campaign has been so well conducted that they have secured many votes from Bulletin readers living on the outside islands. So popular are some of them that their success will please these outside readers more than that of some contestant who lives on their island.

One of the trip contestants in District 1, might well have been nominated for District 2, as that is her home except when she was on Oahu

for a term of school, but according to one of the rules of the contest a change from one district to another district cannot be made after the nominations have been announced, prevents the transfer of her name to the other district. As a result many of her Hawaii friends are supporting her and are determined to try and place her among one of the leaders in District 1.

Club Premium Vote Offer.

The premium offer appearing today's paper is the only premium offer for subscription clubs that will be made during the contest and this and the regular vote schedule will not be deviated from in any manner. There will be no triple offers; no big vote days; nor any other reward in the way of votes for any subscription work, other than that now being offered.

The premium offer is a liberal one and no limit is placed on the number of clubs any candidate may secure in one week and every candidate is given credit for the subscriptions that are sent in by friends unknown to her during each successive week.

There are five full weeks in which contestants can take advantage of this premium offer. The offer goes into effect Monday morning, April 25th and the first week will close at 5 p. m. Saturday, April 30th.

Contest Closes May 28, 8 p. m.

Monday, May the twenty-eighth, is the time set for the close of the contest and all votes and subscriptions MUST be in the Bulletin office on that date. The closing hour will be at 8 o'clock p. m. on May 28th, and those depending on the mails to bring their subscriptions to the Bulletin office MUST have all votes and subscriptions in the ballot box before 8 o'clock p. m. on that date. The judges for the final count of the ballots will be chosen from prominent business men of Honolulu; their names will be announced in due season. Each contestant will have the right to select a friend or relative to represent her and look after her interests during the final count of the ballots.

No Count for Ten Days.

The contest votes will not be counted again until Saturday afternoon, April 30th, which will give

every candidate a chance to get in one or more of the premium certificates. The first week of the offer will close at that date. The result of this count will be published on Monday May 2nd and in the weekly edition of Tuesday, May 3rd. More than a week will pass without the standing of the contestants being disclosed and the candidates will have more time to devote to the collecting of votes, and the securing of subscription clubs, without having to worry every other day as to how many votes their nearest competitor is going to cast.

FORT DE RUSSY ITEMS

The singles in the handball tournament, which was resumed at this post, have now reached the point where but three of the players have a chance to finish in the first and second places. First Sergeant Spencer has the best of the play to date, not having lost a game. Private Graf and Sergeant Joyce are the men who will fight it out for second place, providing Sergeant Spencer does not lose his remaining contest. The play for these three leaders has been the best seen on the court since it was rebuilt, and the final games will show fast play without a doubt. The doubles will be begun after the finals of the singles, which will be early next week. The teams are hard at work and some new players will be seen.

To Duty.

Privates Finch and Harrison, both of Company G, have been returned from the post hospital at Fort Shafter for duty with their company here. Both of these men will remain in the main camp. Musician McElroy of the Engineers has been returned to duty from the post hospital at this camp, and will relieve Private Ketchum as musician and orderly at post headquarters.

To Camp.

Private Henz of Company G has been returned from survey duty to duty at this post, and will be detailed as post guard. Private Henz has been engaged on survey work since the arrival of the Engineers at this post. Sergeant Edward Gahriz of the Alea detachment was at this

post yesterday with plans for the hand map and to obtain further supplies for his detachment. Sergeant Hilsborough of the Wahiawa detachment visited this post today for the same purpose, and both of these survey men leave for the detachments soon.

Moved Camp.

The survey detachment which has been at work near Koko Head has completed the survey of that portion of the island and has moved to a point near the U. S. Experiment Station, and will start mapping from that point. Wagon and pack trains from this post moved that detachment and will furnish their supplies in the future. Wagon trains have been arranged to supply the detachments at Alea and Heala, as well as the mountain detachments.

To Fort Shafter.

Sergeant Mann of the Hospital Corps, who has been stationed at this post for some time, has been ordered to report to the post hospital at Fort Shafter for duty there. Private McGrath of the Hospital Corps at Lelehu will come to the post hospital here for duty. Two new Hospital Corps men are expected at this post within a short time to relieve two of the members of the hospital now here, and who are to leave for the Coast on the next transport.

Louis Margolin, an expert on eucalyptus tree growing, who has been working on this particular specie for this Territory, expects to leave for the coast about May 7. The field work has been completed and Mr. Margolin is now putting the maps into shape. The experts' work is believed to be of great value to the Territory.
